What topics are included?

The high yield didactics (or knowledge bursts) include:

- How to apply best practice care for those with autism and/or IDD who are experiencing a behavioral health concerns.
- How to communicate with these individuals and across systems involved in caring for them.
- What psychiatric and medical comorbidities, evidence-based interventions, and systems of care exist for those with autism and/or IDD.

How do I register?

You will be sent an email with a link to some surveys to complete prior to the training. Once the surveys are completed you will receive a Zoom link to the training.

If you need help registering, please email: ShriverCenterTrainings@Umassmed.edu.

Questions? Contact: Lauren Venuti, MSW, Program Director, ECHO Autism Crisis Care Training * E.K. Shriver Center, UMASS Chan Medical School: Lauren.Venuti@umassmed.edu

This free and interactive virtual training program will increase your knowledge about autism and IDD, the unique needs related to caring for these patients who have comorbid psychiatric disorders and how to communicate across systems.

Registration Fee for the Educational program: FREE

Fee for those That want Credit	Physicians	\$75
