Log into: <https://ma.tmuniverse.com/>

Hello my name is Jasyn from D&SDT – Headmaster. In this presentation we will go over how a student accesses their test results.

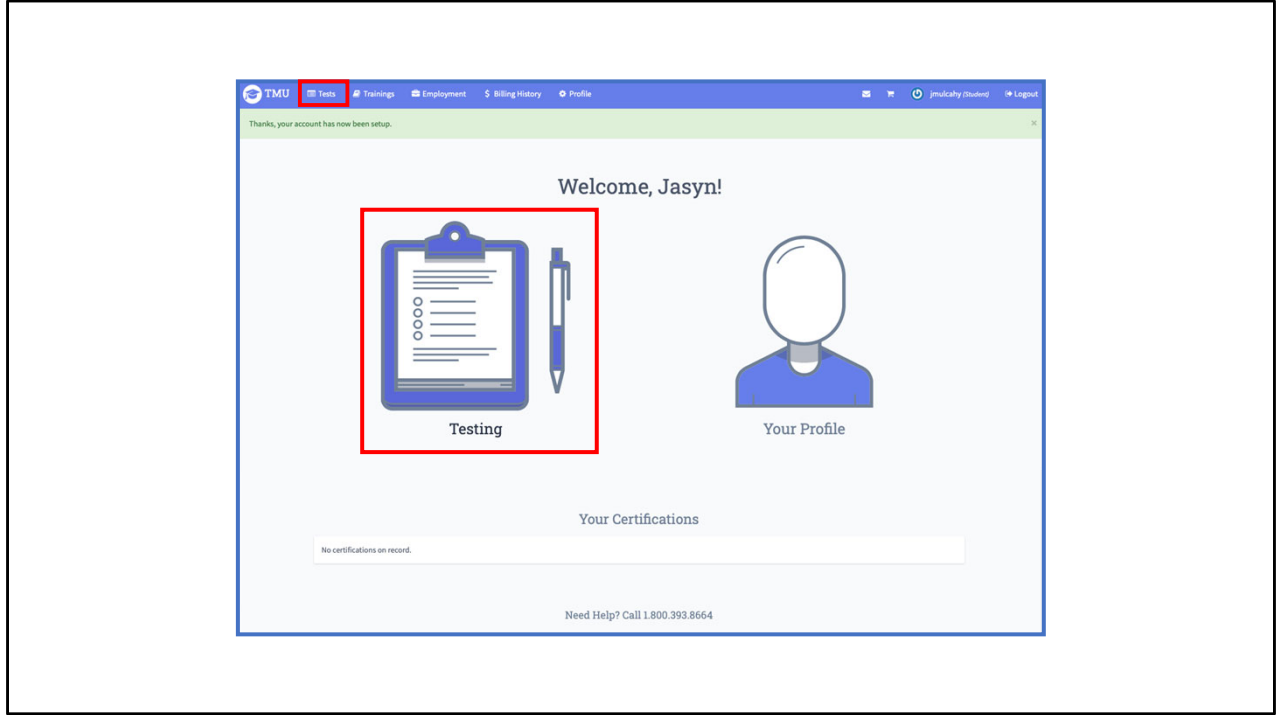

If they follow the link on the previous slide, it will take them to this home page

To log in they'll click the 'Sign In' button in the upper right-hand corner.

A person will enter their log in information and click 'Sign in'

From the home page, the student will click on the test tab at the top of the page or in the middle of the page.

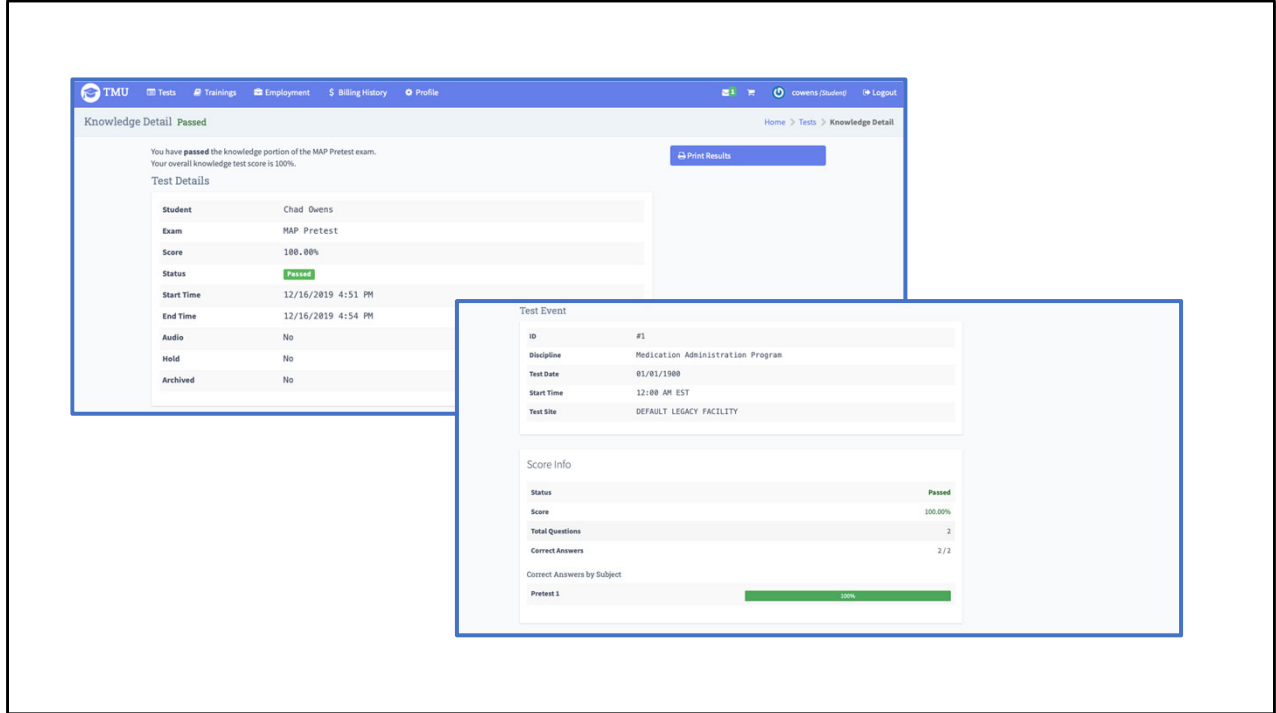

This will bring the student to....

The screenshot displays a web interface for a student's test results. At the top, there is a navigation bar with the TMU logo and links for Tests, Trainings, Employment, Billing History, and Profile. The user is logged in as 'phemmerly6020 (student)'. Below the navigation bar, a message states 'Your answers have been submitted. Please check back later to see your results.' The main section is titled 'Your Tests' and contains a 'Testing History' table.

The student can click on 'Details' to view the details of their test results onscreen or 'Print Test Results' to print them out

When a student clicks 'Details' this page will appear
