Student: How to Access the Student Home Page

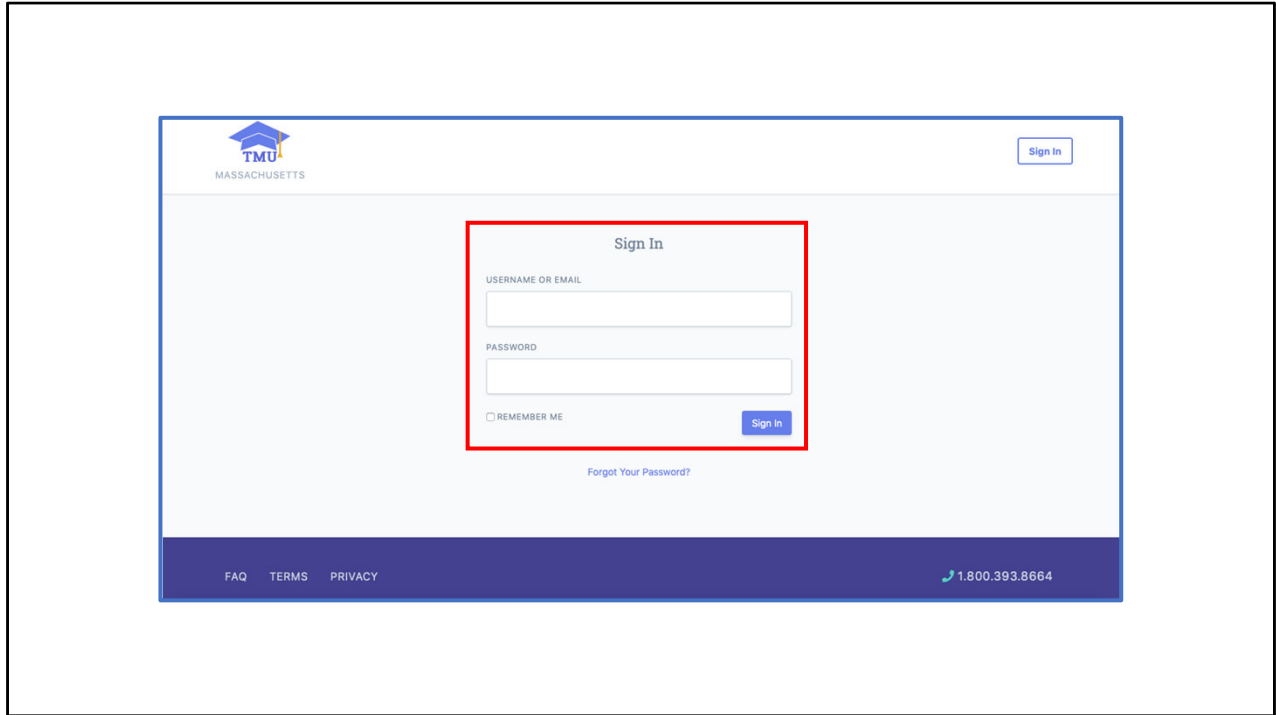

Log into: <https://ma.tmuniverse.com/>

Hi my name is Jasyn from D&SDT – Headmaster. And today I’m going to show you how a student accesses their home page

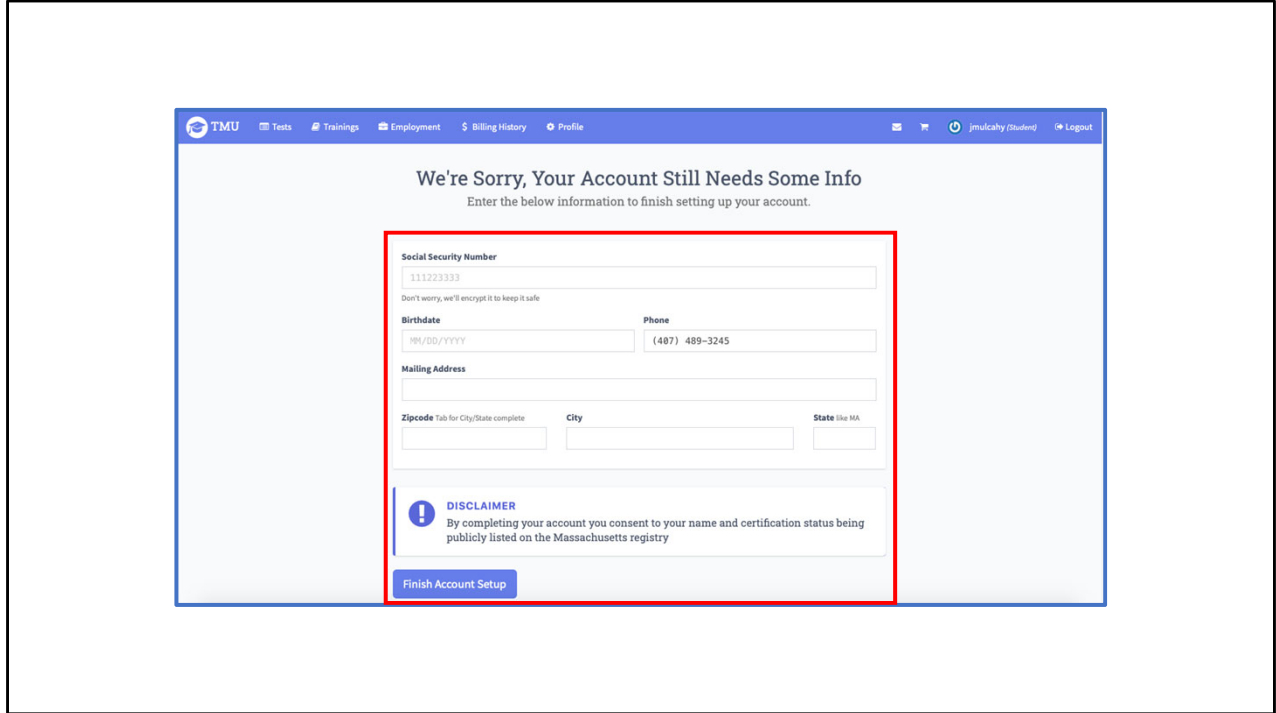

If they follow the link on the previous slide, it will take them to this screen

To log in they'll click the 'Sign In' button in the upper right-hand corner.

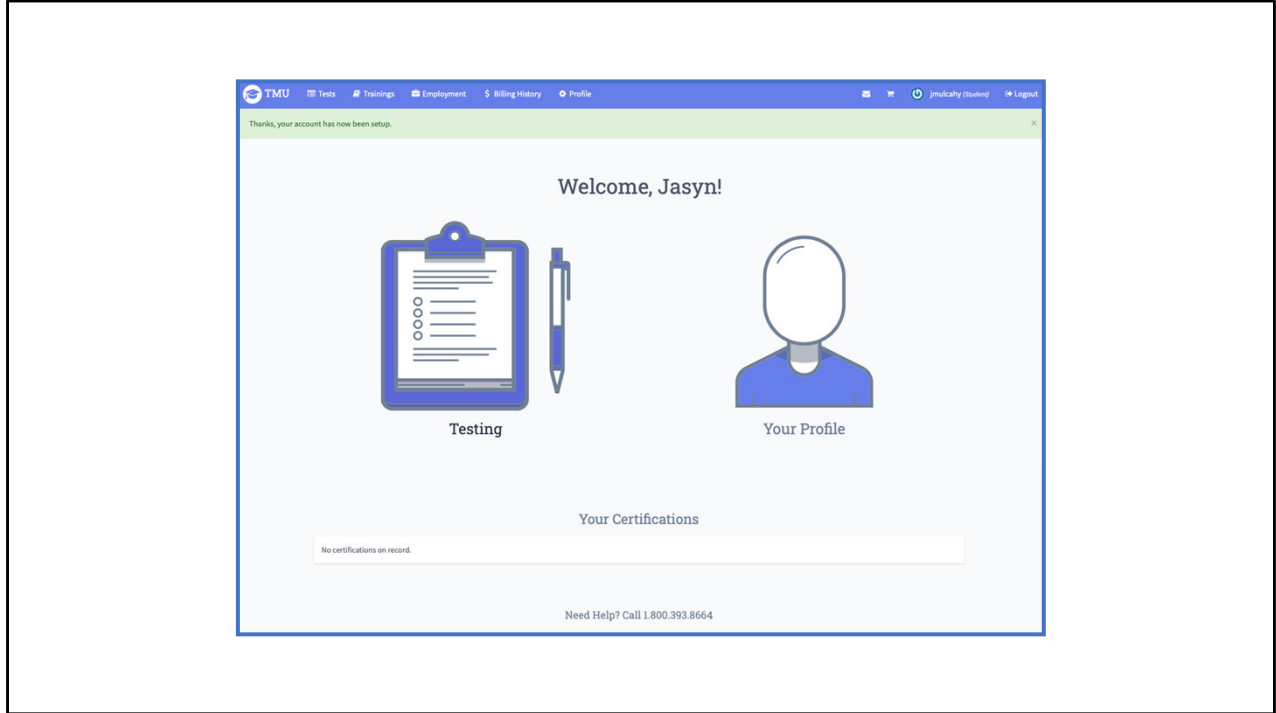

They will enter their log in information and click 'Sign in'

When a student logs in to the student page for the first time, they will be forced to enter any missing information into their account

Once they complete the required information they will click on 'Finished Account Setup' which will bring them to....

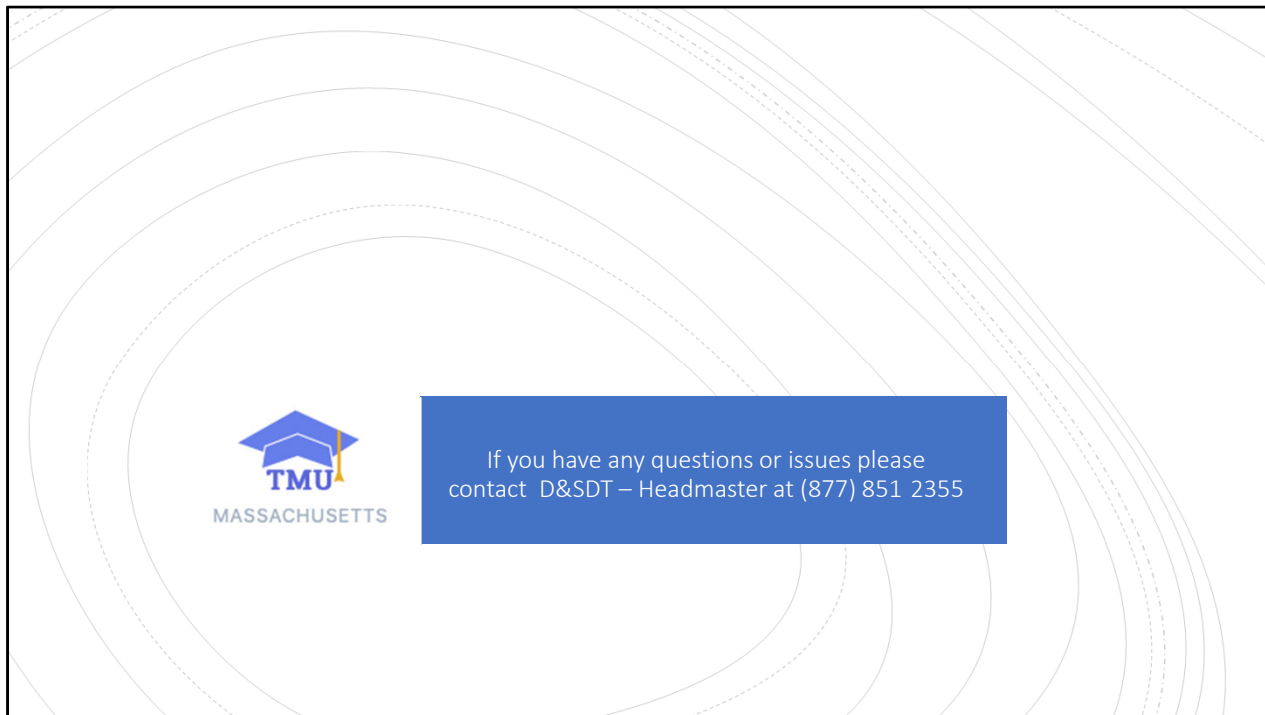

The student home page

This is the homepage that every student will see.

If you are MAP Certified, it will be listed under the 'Your Certifications' tab

There are more tutorials that will explain the purpose of how to use the other tabs

If you have any questions or issues, please contact D&SDT – Headmaster at (877) 851-2355
