Supporting Siblings in 2022

*Intended for siblings of youth with Autism Spectrum Disorder, Developmental Disabilities, and/or Mental Health Issues*

**What’s it like?** Over Zoom, siblings meet other children and teens who know what it’s like to have a brother or sister with behavioral challenges. Siblings have a chance to talk, learn coping skills and feel better. The Zoom is facilitated by psychiatrists and trainees at UMass Chan Medical School.

**What about parents & caregivers?** First-time participants join a Zoom session led by our trained parent mentor. They learn about the sibling experience, the importance of supporting siblings, and strategies to support siblings. Returning participants join a different Zoom session, led by the program social worker, to address ongoing family challenges that impact siblings.

Registration is required. We meet the first Thursday night of Each month at 5:30pm.
